DM/A Project featured in Houzz

Do you Houzz? Houzz.com is a free site where you can create an online idea book for your next architecture project. Houzz recently featured our Lean Too house project along with a nice article by Becky Harris. Check out the article here.

Maine Homes Boats & Harbors Show, Rockland, August 10-12

Visit DM/A in the Sustainable Living tent at the 10th annual Maine Homes Boats & Harbors Show. Food, fun, arts, boats and the ever entertaining Boatyard Dog competition. DM/A has a limited number of complimentary tickets – so please contact us if you are planning on attending the show. Earlier this summer, DM/A participated in the Maine Home + Design Show in Rockland, as well as the 2nd Annual Brunswick Fly-In. David and Cathy met and talked with some great people at both shows, and hopefully will continue these conversations in the future. At right, David is pictured talking to Susan Grisanti, Chief Editor at MH+D.

Brunswick Downtown Association Historic Preservation Award

Although phase two is still under construction, Town Hall Place, home to Cool As A Moose and the future home of Artforms, was recently awarded a historic preservation award from the Brunswick Downtown Association. Town Hall Place is a 40,000 sf renovation to the old Grand City department store in the middle of Brunswick. A multi-faceted project, retail and offices are located on the ground floor. Production is in the basement with over 7,000 sf of flooring removed to create multi-story spaces.

On the Drawing Board...

DM/A has designed a dentist office in Yarmouth to be the home of Bayview Dental. This 5,300 sf, 11 exam room building might not feel like your typical dentist office with cathedral ceilings and diffused, natural light in the exam area. Bayview Dental was unanimously approved by the Yarmouth Planning Board last month.

We hope you enjoy our newsletter. Please contact us with any questions or comments or to be removed from the mailing list.
