DM/A Newsletter

November 2012

Welcome to our newsletter. Occasionally we will update you with news about David Matero Architecture. We welcome your comments, questions and feedback.

DM/A in Maine Home + Design

Have you picked up the November issue of Maine Home + Design? Inside the back cover, DM/A is featured in "The Drawing Board" section. Check out DM/A's "open and light-filled design for a family of four in Brunswick. This energy efficient home has perfect orientation with lofted ceilings in the main living areas with dormers bringing in light from above."

DM Cheers on USA

Sometimes you have to take a break from work and cheer on the USA Men's National Soccer team. David Matero recently spent exactly 24 hours in Kansas City (both Missouri and Kansas) catching up with friends and cheering the USA team on to victory. The 3-1 win over Guatemala propelled the men's team to the "Hex." In the Hex, six teams will compete in home and home matches for three automatic berths to the World Cup in Brazil in 2014. The next round for USA begins in February 2013.

Main Street Bath Survey

A few years ago, in a Main Street Bath survey, residents shared their thoughts about how they would like to see Bath grow and evolve. What did residents and visitors request? Ice cream, waterfront park, year-round farmer's market, pet store, Thai food, clothing store...done. It's time, again, to tell Main Street Bath what you want in Bath (and maybe win a \$50 Gift of Bath certificate). Please respond to this 5 minute survey, it will help guide us towards growing Bath.

DM/A Sponsors Dreamland Theater at Winter Street Center

Do you remember the time you fell in love with movies? Come celebrate youth, friendship, and the everlasting magic of the movies with us at Winter Street Center on November 29th. DM/A will be sponsoring *Cinema Paradiso*, one of our favorite movies of all time. ~~Dreamland Theater~~ at Winter Street Center is presented every Thursday, October through April, with showings at 7pm. Bring your own food and

drink (plus an extra \$5 for a donation) and enjoy and assortment of entertaining movies.

Lunch and Learn at DM/A

Our Lunch and Learn events have been very successful (pictured is our latest with Marvin Integrity windows). Our next schedule Lunch and Learn, Thursday November 29, will be presented by Jason Peacock from Maine Green Building Supply. First you need to air seal, and you can do that with Siga Air and Windtightness System (environmentally friendly, high-performance adhesive tapes) then you have to mechanically ventilate your home, perhaps with a Venmar Air Exchange system? A 2 for 1 lunch and learn. Please RSVP to by November 26th and/or ask to be added to our Lunch and Learn roster by emailing cathy@ davidmatero.com.

Views from the site...

On top of Paris Hill stood a traditional 4 square house and ell with some unfortunate additions constructed over time. The garage was moved to make a perfect pool house and one of the additions was torn down. A new master bedroom, kitchen and mudroom wing will be constructed, and the existing house will be updated, insulated and modernized.

We hope you enjoy our newsletter. Feel free to share this with your friends. Please contact us with any questions or comments or to be removed from the mailing list.

Sincerely,

Cathy Matero
